### Platinum series illuminated Ø22 mm control devices

- Elegant style, ergonomic design (*combining aesthetics with industrial durability*)
- IP66 - IP67 - IP69K degree of protection for use in even in extreme temperatures -25° to +70°C
- Material resistant to oils, solvents and hydrocarbons
- Actuators supplied without **LPX AU120** contact block support (*to be ordered separately*)
- LED modules for above (*see overleaf*)
