Vector VE-L surface-mount distribution boards (IP55)

- Supplied with earth/neutral terminals

VE103L	3 way	surface mounting distribution board	175	111	93
VE106L	6 way	surface mounting distribution board	190	165	113
VE110L	10 way	surface mounting distribution board	210	237	114
VE112L	12 way	surface mounting distribution board	302	310	151
VE212L	24 (2 x 12)	surface mounting distribution board	427	310	151
VE118L	18 (1 x 18)	surface mounting distribution board	302	418	151
VE218L	36 (2 x 18)	surface mounting distribution board	452	418	151
VE318L	54 (3 x 18)	surface mounting distribution board	602	418	151

Vector VE-SN surface-mount boards for outdoor use (IP65)

- Resistant to ultraviolet radiation, immersion in water in accordance with UL746C
- Dimensional stability up to 100°C, resistant to frost up to -25°C
- Plain base (*no knockouts*) for easy configuration of cable entry/exits

VE112SN	12 way	surface mounting distribution board	302	310	151
VE212SN	24 (2 x 12)	surface mounting distribution board	427	310	151
VE312SN	36 (3 x 12)	surface mounting distribution board	552	310	151

Polycarbonate enclosures IP65

- IP65 protection / insulation class II
- Plain door 130° opening
- Supplied complete with chassis plate and mounting brackets
- Colour: RAL7035 (*light grey*)

VP20G	empty	polycarbonate surface mount enclosure	350	250	160
VP36G	empty	polycarbonate surface mount enclosure	500	300	160
VP54G	empty	polycarbonate surface mount enclosure	550	400	210
VP72G	empty	polycarbonate surface mount enclosure	650	400	210

Distribution boards (industrial) IP65 as above and including following accessories

- Fitted with DIN rail and modular covers (*accepts modular devices and MCBs*)
- With smoked transparent hinged door
- Included earth and neutral terminals

VP36M	36 (3 x 12)	polycarbonate surface mount enclosure	500	300	160
VP54M	54 (3 x 18)	polycarbonate surface mount enclosure	550	400	210
VP72M	72 (4 x 18)	polycarbonate surface mount enclosure	650	400	210
