78299-00

REMA® flat blade contact connectors offer a cost-effective, quick-disconnect power connector solution. Available in different colours to differentiate the voltage types, ensuring compatibility of properly configured mating connectors according to their respective voltage.

- Housing constructed of glass fibre reinforced composite material for extreme durability resistance to battery acid
- Genderless housing design (*same unit reversed plugs into opposite*)
- REMA® engineered contacts made of high-grade electrolyte copper, silver-plated for corrosion protection
- Different contacts with sizes optimised for metric and AWG cable dimensions
- CE and UL 1977 certified component meets or exceeds EN 1175-1 industry standards
- Compliant with machinery directive 2006/42 EG and therefore with “CE” Marking
- Accepts REMA® strain relief clamps and handles for easy intuitive assembly
