

28th August 2012

Dear Customer

Our 2012-2013 Catalogue

After maintaining our prices since 12th April 2010, we are happy to now present you with our new 2012-2013 catalogue, which features many new complementary and innovative products.

We have opted for a cover similar to our old 2006/07 catalogue, which cover is indicative of energy costs and control, with products focused on energy and its management in all networks.

There are many price adjustments, being increases and decreases and price adjustments have varied in line with the latest exchange rates and supplier price increases.

Discount structures remain largely similar to those previously given, but will vary due to the new categories added. These discount structures will be reviewed during the month.

Our new 2012/2013 prices come into effect as from the 3rd September 2012.

We must apologise, that due to the complexity of the catalogue, certain pricing and descriptions have either been inserted incorrectly, or omitted completely.

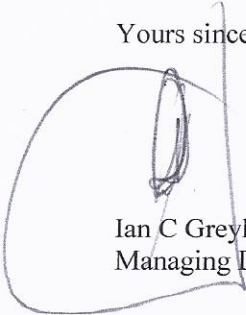

We attach herewith an "Errata" with most of the mistakes, which we request you correct within your catalogue. More mistakes could be found later, which we will naturally advise.

We trust you will enjoy our new catalogue and the extended range of quality products on offer. We take this opportunity to thank you for your past support and look forward to being of service to you, well into the future.

**PLEASE TAKE NOTE OF OUR NEW ADDRESS IN JET PARK AS FROM THE
1ST OCTOBER 2012:**

6 DERICK COETZEE STREET, (OFF KELLY RD), JET PARK

Yours sincerely,

Ian C Greyling
Managing Director
