

PRICE INCREASE NOTICE

12th February 2024

Dear Valued Customer,

Elevated levels of global and domestic inflation persisted throughout 2023, placing significant pressure on the input costs throughout the supply chain.

Despite our proactive efforts to mitigate these impacts as far as possible, we are required to increase our current list prices as displayed in our 2022/2023 catalogue by **20%**, effective from the **11th March 2024**.

This equates to only a 4.35% increase on our current prices.

We take this opportunity to thank you for your ongoing support and look forward to continuing to serve you.

Yours faithfully,

The Electrahertz Team
